

Peach Ridge Nursery

John T. Bregger, Orchard Consultant — Clemson, South Carolina

1962 - 1963 LIST OF BEST AND PROVEN PEACH VARIETIES

EARLIRED

Earliest yellow peach, one half week before Cardinal. Round and attractive.

REDHAVEN

Reliable early peach for all states above extreme South. All purpose peach.

SUNHAVEN

A bright red, yellow-fleshed peach which ripens 10 days before Redhaven. Uniformly round in shape with attractive color and good flavor.

WASHINGTON

Promising new peach which ripens just before Southland. Outstanding in size, color and firmness.

BLAKE

Brilliant red peach just before Elberta. Adapted to any part of the country.

CARDINAL

Early yellow-fleshed peach for commercial planting. Large; of excellent quality.

RANGER

Large, firm, yellow peach to follow Redhaven. Resistant to bacterial spot.

LATE SUNHAVEN

New strain of Sunhaven, a few days later. Best peach to precede Redhaven and partly replace it. Should be a most profitable variety.

SOUTHLAND

Large attractive freestone. A superior yellow peach and heavy producer. Adapted to all southern districts.

REDSKIN

Best new peach for Elberta season. Firm, large and beautiful all-purpose variety.

MAYGOLD

Yellow peach of Dixired season that can be planted as far south as Florida.

KEYSTONE

Large, yellow, round freestone ripening 3 weeks before Elberta. High quality.

RICHHAVEN

At last a firm-fleshed, bright red peach to replace Halehaven. Large, almost round fruit with excellent qualities for shipping.

LORING

Best commercial peach for season ahead of Elberta. Large yellow freestone for all sections of country.

JEFFERSON

New superior variety to follow Elberta a few days. Excellent color and quality.

CORONET

Earliest freestone. Yellow firm peach. Larger and better shipper than Dixigem.

REDGLOBE

Firm, high-colored yellow freestone for Halehaven season. Attractive red color.

RIO OSO GEM

A large, high quality firm yellow peach to follow Elberta for the fresh fruit trade. Particularly valuable for trucking long distances.

SUNCREST

Now we have a large, firm, high quality attractive peach an even week ahead of Elberta. (10¢ extra)

AFTERGLOW

Large, well-colored yellow peach. Best late variety to follow Elberta. (10 days)

NEW VARIETIES: Commanche, Daroga, Dixiland, Envoy, Fireball, Garnet, Goldenred, Marcus, Merrill Forty-niner, Merrill Goldrush, Nemaguard, Regina and Southern Glow.

STANDARD VARIETIES: Mayflower, Hiland, Redcap, Erly Red Fre, Dixigem, Dixired Jerseyland (Beauty Gem), Golden Jubilee, Triogem, Nectar, Fairhaven, Sunhigh, Burbank Elberta, Halehaven, July Heath, Sullivan Early Elberta, Belle of Georgia, Elberta, J.
